## **ASX Announcement**

6 May 2024

## RETRACTION OF PRODUCTION TARGETS

Larvotto Resources Limited (ASX: LRV, Germany: K6X, 'Larvotto' or 'the Company') refers to its announcement to the ASX on 30 April 2024.

This announcement included references to the potential of the current processing plant to be modified to increase processing tonnage. The company does not currently have an Ore Reserve Estimation and associated mine plan and therefore this in no way implies what the plant the feed grade or tonnage may be.

Larvotto has been advised that this reference may be considered to be a production target in accordance with ASX Listing Rule 19.12 which is defined as a "projection or forecast of the amount of minerals to be extracted from a particular mining tenement or tenements for a period that extends past the current year and the forthcoming year."

It was not Larvotto's intention to infer a production target from these statements.

Larvotto does not consider, at this stage, that it has reasonable basis to disclose production targets as interpreted under ASX Listing Rule 19.12 in relation to the Hillgrove Gold & Antimony Project and accordingly, retracts the statements above. As a consequence of the retraction of the information Larvotto advises that the information should be disregarded and that accordingly investors should not rely on the retracted information for their investment decisions.

This announcement was authorised for release by the Board of Larvotto Resources Limited.
